To Whom It May Concern:

We recently had Mr. Andrew Christie, C.E.T., RHI complete a building inspection for our company. We were impressed with Mr. Christie's people skills in conveying how he would conduct the inspection as well as his skills in evaluating the building.

Mr. Christie was thorough in his inspection of the building. He climbed onto the roof, despite inclement weather. He also investigated the crawl space.

He prepared his report to us on the same day, describing in great detail the changes that were needed. He spent over an hour reviewing his work with us.

We would not hesitate recommending Mr. Christie as a home inspector.

Sincerely,

Greenland Consulting Engineers
